Subject: Sunshine 1200k Volunteer List - Registration Update

I'm sending this email to those who are on my list of potential volunteers for the Sunshine 1200k.

Our first day of registration was a busy one; within 18 hours all the available slots were taken and we are now working on the Waitlist. As is usual with these events, circumstances will cause a number of people to drop out before the event and I expect many to move from the waitlist to registered, if they so choose. As slots open up, I will send an email to those on the waitlist with a link to register.

We might also open more slots but that will only happen if we have a number of people who are making their own way to Key West and do not need bicycle transport – currently our limiting factor. I suppose that I could offer slots to those willing to deal with their own bikes but I'm not sure that I want different categories of riders. It's something to consider, I suppose.

I have some of you slotted for definite activities during the ride – driving trucks, managing Controls, etc. I'll go through my list and provide a further update at some point. I am also expecting some of you to be doing the pre-ride. I'll need to start firming up numbers for that at some point as well.

We can always use more volunteers. More volunteers makes the ride better for the riders and more fun/less work for the existing volunteers ... if you have family who can help, friends – all are welcome !

Thanks ! The volunteers are key to success of this ride !

Dave Thompson.
